WORKLIGHTS

EW4010 SERIES Heated LED Snowplow Worklight

The EW4010 Series worklight offers the latest technology and the very brightest white light for your application. Designed for headlight replacement, as well as vehicles working in inclement weather, this LED model features a heated lens to melt away snow and ice and offers over 80,000 hours of maintenance-free life expectancy coupled with low amp draw. High-intensity light output and CE rating makes this LED worklight the ideal choice for a wide variety of applications. Additional features include 12-24 VDC operation, shock-resistant mounting, IP68 waterproof breather and a 5-year warranty.
